

the
Camden
COLLECTION

An exclusive collection of painted pine and natural ash furniture

the Camden

COLLECTION

The Camden Collection is inspired by a design philosophy that infuses old world charm with classic and contemporary furnishing.

The calming attribute of pine finished in ivory, accentuated by the natural browns of ash, gives this collection a rustic but quintessential look. Designed using simple clean lines, it further sets the tone of understated elegance, yet, strikingly beautiful.

Picture yourself stepping into a home that radiates warmth but soothes the soul.

Now, think Camden.
